## Definition of an Owners Corporation

An Owners Corporation (OC) manages and administers the affairs of the Common Property which is automatically created when a plan of subdivision is registered with Land Victoria (Titles Office). The Plan of subdivision shows all the Lots which are part of your OC.

Common Property refers to communal or shared areas and structures, for example, gardens, roads etc.

The person who owns a Lot within the Plan of Subdivision automatically becomes a member of the OC. As an Owner you have legal, financial and moral responsibilities to the OC.

Each Lot on the plan of subdivision has a relative lot entitlement and liability which is determined by an independent surveyor prior to the commencement of the OC.

Lot entitlement represents a lot owner's share of ownership of the Common Property and determines voting rights whereas lot liability determines in the proportion of the total costs an owner is required to pay to the OC.

## Global Insurance

Your OC has taken out a global insurance policy and as an Owner in your OC, you are a member of the OC global insurance policy. This policy includes reinstatement and replacement of all buildings within the plan of subdivision (including your home), common contents (such as shared services) and public (legal) liability for the common areas.

**Please note the global insurance policy does not cover:**

- **fittings (including carpets, light fittings and window furnishings);**
- **contents; and**
- **public liability for individual lots.**

A copy of the Financial Services Guide and Product Disclosure Statement can be obtained by requesting a copy from [insurance@theknight.com.au](mailto:insurance@theknight.com.au)
